

**Subject:** Invitation to the Second Part of the FSA Business Plan Presentation

Dear Business Representatives,

We would like to thank you once again for submitting your business proposal as part of the FSA Business Plan Competition. After a thorough review of your pitch video and the supporting information, we are pleased to invite you to the second round of the competition, which will take place at our headquarters in Spielberg, Austria, on July 22nd.

Your concept has demonstrated remarkable potential. To deepen our understanding of your business idea from a financial perspective, we kindly ask you to prepare a focused presentation on your company valuation, including the following key elements:

- Valuation Method(s)

Describe the general approach you used to estimate your company's value. This may include methods based on financial forecasts, market comparisons, or other relevant frameworks that align with your business model.

- Key Assumptions and Financial Metrics

Explain which expectations, data points, or calculations influenced your valuation - such as growth projections, cost structures, or revenue forecasts.

- Supporting Data and Benchmarks

Provide relevant research, market trends, or external references that helped you evaluate your company's potential worth.

A well-founded company valuation will enable us to assess the investment opportunity with greater clarity and better understand any associated risks.

We look forward to welcoming you in person on July 22nd and are excited to hear more about your business vision.

Should you have any questions in the meantime, please don't hesitate to contact us.

Best regards,

Formula Student Austria
