

MUBEA CARBO TECH AWARD

„Best use of Composite“

QUALIFICATION CRITERIA:

Submission of a PDF document, max. eight pages of DIN A4 with pictures (min. font size 12) in which the fiber reinforced plastic composite applications of your vehicle are described.

- Three out of the eight pages should describe the **highlight component** within this field.
- Filename: "CAR_### MCT-Award 2023"
- Submission deadline is **June 30th, 2023**
- Submission to personal.sbg@mubea.com

ASSESSMENT CRITERIA:

- Submitted document
- Highlight component
- Usage of engineering tools
- Complexity → FRP specific design
- Testing
- Production quality (for finalists only)
- Presentation and discussion on site (for finalists only); 25 min (similar to design event)

The victorious team will get a trophy, a personalized tour in our Headquarter in Salzburg and 1,500.00 € prize money.

From the submission a jury, consisting of former Formula Student team members, will pick the most promising ones and nominate up to 10 finalists within 2 weeks of submission. Four team members of each finalist will then have the chance to present their composite applications on Wednesday, July 26th to the jury on site. Nomination of the presenting team members (name, position, e-mail, mobile phone number) until July 20th is required.
