

## General Information

We would like to inform you that a driving ban exists for heavy good vehicles on the whole Austrian road network for Saturdays, Sundays and holidays. This comes in force on Saturdays from 3.00 pm to 0.00 am and on Sundays and holidays from 0.00am to 10.00 pm.

These rules apply to trucks without trailer and semi-trailers over 7.5 tons of maximum permissible weight, as well as with trailer if the maximum permissible weight of the truck or semi-trailer is or exceeds 3.5 tons. There is also a general ban on driving heavy goods vehicles with a maximum gross vehicle weight of over 7.5 tons between 10.00 pm and 5.00 am on any day of the week.

There are two options available for the arrival of the trucks to FSA.

- 1.) Plan to arrive before the driving ban and park temporarily at the Red Bull Ring

You can start parking your truck from Friday (1 day before FSA starts) at the Red Bull Ring parking lot **P1F**. It is reserved for FSA for the whole week for truck parking.

2.) Get an exemption of the Provincial Government of each country you are going to pass

Please register yourself via [www.e-gov.ooe.gv.at](http://www.e-gov.ooe.gv.at) and fill in the particular from **2 weeks prior** to the start of FSA on the Red Bull Ring to ensure a timely handling. Be aware that if you are going to pass several counties of Austria you have to present an application at each respective authority. This can be done by choosing all respective counties when filling out the application form. The application automatically becomes forwarded to the authorities of the counties in question. Each county then provides a particular notification. Please be aware that for each notification process costs incur.
