

Payment Information FSA 2019

This year we can make it possible to transfer the camping fees and the fees for additional team members in advance.

In the Team Setting area there is a point with payment status. There you can see how much has already been paid.

To order new tickets please fill out the form below the word marked with "link".

The number of camping tickets, lodges and bed linen has to be entered in the form. Furthermore you can pay the additional team members who have been registered so far.

Once the form has been submitted, the FSA team will send an invoice to the email addresses provided in the team settings for the order. After this invoice has been paid, the corresponding data will be updated in the team settings.

If possible we ask you to pay the whole team in one order, because the process for sending all the invoices would be very time-consuming for single registrations.

!!! Important: On site everything can still be paid in cash - so you don't have to make a request if something changes shortly before the competition !!!

Also Important:

for camping there will be no "reverse charge" payments. !!!

If you need a "reverse charge" invoice for the additional Teammembers please write your VAT ID and the billing address in the field "Anything else you want to tell us?" in the payment form.

Team Settings

Payment Status

Additional team members paid (regular) (20 are included): 0

Additional team members paid (late): 0

Additional camping passes paid (10 are included): 0

Lodge upgrades paid: 0

Bed linen upgrades paid: 0
