

**YOUR GLOBAL MOBILITY  
ENGINEERING EXPERTS**

# FORMULA STUDENT AUSTRIA 2023

## EDAG PEP AWARD 2023

3, 2, 1... win the **Special Award** sponsored by the EDAG Group as part of Formula Student Austria 2023.

### What do we want to see?

Show us the product engineering process (PEP) of a component, a function, a software or similar that influenced the development of your current vehicle. You can decide for yourself which product you want to apply with! Our focus is the overall development process behind the component, including the idea, the concept, the development and testing strategy as well as the validation.

### How do you participate?

Any team registered for the Formula Student Austria 2023 can take part. Please send your application as a single A3 page or as a PowerPoint presentation of 3 to 5 slides **until July 12, 2023** at 23:59 in PDF format to [specialaward@edag.com](mailto:specialaward@edag.com).

### The prizes for the three winner teams:

**Winner: € 2,000**

**1<sup>st</sup> runner-up: € 1,000**

**2<sup>nd</sup> runner-up: € 500**

We look forward to seeing you and your results!

The three finalists will be selected by the EDAG jury by 7/25/2023 and announced on the same day on site at FSA 2023. On 07/26/2023, the finale to determine the winner will begin. Here, you will have to convince our EDAG jury with a 10-minute presentation of your idea, preferably on the vehicle itself, as well as during a subsequent Q&A session. The presentation will take place on site at the EDAG booth.
